CUBAN REBELS PLAN ATTACK ON HAVANA

Claim to be Several Thousand Strong.

PALMA IS TAKING PRECAUTIONS

Cuban Government Authorizes Purchase of Steam Yacht Anita, of Philadelphia, Which Is To Be Used as a Coast Patrol.

Havana, Sept. 13.—It is reported that the rebels near Cienfuegos are planning a concentrated attack on the city. They claim to be several thousand strong. The government is taking precautions.

New Orleans, Sept. 13.—A marked diversity of opinions concerning the Cuban insurrection was obtained on Wednesday from a canvass among passengers who arrived here Tuesday night on the steamer Elcelsion from Havana, some saying they were running away from Cuba while others declared that their return to the United States was only in the regular course of their business.

F. H. Wilkinson, of Chicago, who has a plantation in Pinar del Rio Province, said:

'There was a skirmish near my farm a fortnight ago. Things were coming to pass where the liberalists no longer respected the difference between government troops and Americans. All the Americans in Candaleria, where I lived decamped, five of them going to the United States by way of New York. Apparently Pino Guerera's men do not care whether they kill an American or not. They are burning American property as well as Cuban."

F. W. Jewell, of Marysville, O., the manager for a 100,000-acre land company in Camaguay, said that although there were armed revolutionists all around this property, not an acre of the crops had been disturbed. A few horses and cattle had been taken, he said, but in nearly every scrip of the insurgent cause was left in payment for the stock taken.

New York, Sept. 13.—The mmost important bit of news that the Cuban government had to give out Tuesday was that the government had authorized the purchase of the steam yacht Anita, of Philadelphia, which is to be used as a coast patrol. The Anita, according to the yacht register, is owned by George B. Wilson. She is 187 feet over all and registers 232 tons gross.

Senator Carlos Fontsy Sterling, who has been spending several months' vacation here, was requested by cable yesterday to return to Cuba. He is a strong supporter of the government and is probably needed at the proposed extra session of the Cuban congress. He leaves New York today for Florida, where he will take ship.

Colonel Aguirrel, head of the junta, declared that stories to the effect that the junta was recruiting here were all false. The junta, he said, was doing nothing to violate the laws of neutrality which he declared would be observed to the latter. President Palma's move in suspending the constitution, Colonel Aguirre said, was made in order that members of the congress out of sympathy with the government, might be arrested before the extra session convenes.

Georgia Negro Is Held.

Macon, Ga., Sept. 12.—News has reached Macon from Little Rock, Ark., of the arrest in that city of Clifford Kemp, a negro, who is charged with the murder of W. R. Becker, in Macon, in April, 1905. The murder was committed with a knife in front of a store operated by Highower, in South Macon. No trace of Kemp was found in Macon until the telegram from Little Rock reached Sheriff Robertson.

Man's Body Decapitated.

Hattiesburg, Miss., Sept. 12.—James P. Rushing, of Starkeville, Miss., an express messenger, was decapitated here by a locomotive on the New Orleans and Northeastern tracks.

SHAW SPEAKS TO "TAR HEELS."

Treasury Secretary Seeking Votes for the Republican Party.

Charlotte, N. C., Sept. 13.—Secretary of the Treasury Leslie M. Shaw, addressed a large audience of representative people at Statesville Tuesday at noon. He delivered practically the same speech made at Salisbury Tuesday night. He was accompanied to Statesville by a number of prominent Republicans, among them Congressman Blackburn, by whom he was introduced.

Following the speaking in the opera house the secretary was tendered a public reception at the Hotel Iredell, and after the reception was given a drive over the city and suburbs. The people, irrespective of party, joined in the ovation to the distinguished visitor during his stay at Statesville, as they have elsewhere, and he has expressed himself as profoundly impressed with the hospitality of North Carolina.

Tuesday night he left for Asheville, accompanied by Internal Revenue Collector Brown, of the western North Carolina district. He is scheduled to speak in Asheville Wednesday, and at Knoxville, Tenn., on Thursday.

COTTON SHORT IN ALABAMA.

Yield Will Be 250,000 Bales Under that of Last Year.

Montgomery, Ala., Sept. 13.—Evidence accumulates that the Alabama cotton crop is far below the average and the outlook now is that the crop will not exceed a million bales for the state, as against nearly a million and a quarter last year. After talking with men from all parts of the state at the sessions of the democratic convention W. H. Seymour, president of the Alabama division of the Southern Cotton association, expresses the belief that the crop is as short as above indicated, and sends out a report to that effect.

"I have made a thorough canvass of the state by meeting people and by correspondence," said Mr. Seymour, "and I believe that I am even too optimistic in saying that the crop is nearly a quarter of a million bales under last year, as it now appears. The plant is developing many of the bad features of growth and some of them to alarming extent and the prospects are that the output is going to be the smallest in some years."

TURPENTINE MEN CONVENE.

Four Hundred Operators at Convention in Jacksonville, Fla.

Jacksonville, Fla., Sept. 13.—The turpentine operators met in convention here Tuesday, the address of welcome being delivered by Governor N. B. Broward, and the responses by T. A. Jennings, prominently spoken of as candidate for governor in 1908, and W. M. Toomer, president of the Naval Stores Export company. The feature of Tuesday's meeting was the dicussion by the other speakers.

F. J. Hara, of Buffalo Bluff, against whom a peonage charge is pending in the courts, suggested that the operators agree upon a wage scale, each member depositing $1,000 to be forfeited for breach of contract. This suggestion was referred to a committee for consideration and report.

There is an attendance of fully four hundred operators.

Zion City Deep in Debt.

Chicago, Sept. 13.—Receiver John C. Hateley, of Zion City, pending litigation in the federal courts, made his first official report to the court on Tuesday. He declared that the liabilities of the city as shown by the books aggregate $6,125,915. The quick assets are estimated in the report at $372,654, and the slow assets at $2,156,427. The report declares that the receiver has experienced considerable difficulty in arriving at the sum of the assets and libilities, as no general set of books was kept, and there were thirty-two different sets of accounts which he was compelled to examine.

Squaw Man Shot to Death.

Muskogee, I. T., Sept. 13.—Cleero Davis, a wealthy stockman and an intermarried Cherokee citizen, was assassinated at his ranch, 64 miles southeast of this city. Davis was at his ranch and about 2 miles from the house when he was shot.

BRYAN WEAKENS ON RAILROAD OWNERSHIP

Softens Attitude on Government Ownership.

IN DEFERENCE TO THE SOUTH

A Change of Front on the Question of His Speech at St. Louis—Twenty Thousand Auditors Cheered—Folk Not a Presidential Possibility.

St. Louis, Mo., Sept. 13 The most noticeable feature of the great Bryan reception Tuesday was his softened attitude on the question of government ownership of railroads.

It is government supervision which I stand for first," he said.

"If that fails, then we must try more radical measures."

The twenty thousand auditors cheered, for they understood that Mr. Bryan, their ideal, has heard the protesting voice of the south and has heeded it.

In many respects the meeting was the most remarkable in the history of western politics. Mr. Bryan practically invaded the territory supposed to be the private preserves of Joseph Wingate Folk, who was not at the meeting, owing to illness. It may be set down as a certainty that Bryan has eliminated Folk as a presidential possibility. Mr. Bryan said in part:

"You have cheered enough to make my heart and I am glad to be here. I have been trying to find home for more than a week, and I have found it so homelike everywhere that I can hardly tell where I live.

"Now, I want to show you it is better to trust the democratic principles to one man whose party denounces him for following them. I want to remind you that the most popular act of Mr. Roosevelt's administration was his bringing peace between two nations. He settled the coal strike after a loss of $99,000,000 to employers, employes and the public. It was a grand act. I applauded him for it.

"But where did he get the doctrine—in the Republican platform? No. He got it from the democratic platform and I wrote the plank myself. If he could gain popularity by settling one strike that cost $99,000,000, why ought not our party have some credit for proposing a plan which, if put into a law, would have made the strike unnecessary? Why hasn't the republican party, followed it up by making a national law that will make it unnecessary for a man to starve his wife and children in order to get justice? If the president can become the only popular man in the Republican party because he does something spasmodically along Democratic lines, what should be the popularity of the man who does something and has always been a Democrat? Where did Mr. Roosevelt find his mandate for his action regarding the rate bill? He had to go to the Democratic platform. The most important part of the Elkins bill is the penitentiary sentence for its violation.

"The railroads have been the most corrupting influence in politics in the past twenty years. By the use of passes they have packed conventions. This law was suggested by the Democratic party. I shall soon have occasion to talk on railroads again, but tonight I want to impress it upon you that the railroad question solution was the product of the Democratic party.

The president has now been in office almost five years. How many trust magnates are in the penitentiary? We have a great many furtunes in this country violating the law. My friends, I ask you to figure out on the basis of the number of trust magnates imprisoned during the past five years, how many generations will it take to solve the trust question?"

Mr. Bryan left for Louisville, Ky., at 2 p. m.

William Jennings Bryan, the foremost Democrat in America and the ex-idle leader of the Democratic party, accepted the invitation of the Young Men's Democratic League, Lamar Hill, president, to stop in Atlanta on Sept. 20, as the guest of the league.

President Lamar Hill received the following telegram from Mr. Bryan Wednesday morning:

"Many thanks. Accept invitation for Sept. 20."

President Hill will at once communicate with Mr. Bryan and find out how long he will be in Atlanta and complete all arrangements for his entertainment while here. It is certain that the great leader will be given a royal reception by the Gate City.

Buried in Solid Rock.

Chicago, Sept. 13.—A dispatch to the Record-Herald from Fulton, Ky., says that Colonel Jim Broder, a pioneer, capitalist and eccentric old citizen of Fulton, died Tuesday. Broder two years ago had a solid rock hewn into a grave for himself and purchased a casket in which he had lain to get a good fit. He kept a piece of meat in the rock for a year to test its preservative qualities. He was wrapped in forty yards of linen, which he had purchased some time before for a shroud. Broder left instructions that he wanted to be buried forthwith "without any frills," as he often said, so he was laid in the strange grave a few hours after the breath left his body. A bottle of old liquor was interred with the remains of "Col. Jim," as he was known in Western Kentucky.

Motion Is Denied.

Boston, Sept. 13.—Judge Sheldon, of the supreme court, has denied the motion to vacate the order which referred to an auditor, the suit of Cadwalader M. Raymont against Henry K. Rogers of New York, and others to recover $50,000 for alleged breach of a contract under which royalties were to be paid on account of a secret process rendering Pelm products non-explosive. The contract is said to have been made by Rogers and his formr partner, C. M. Pratt, with Benjamin Greenough, the inventor. The plaintiff seeks to recover the amount alleged to be due.

Kelley Given Decision.

Boston, Sept. 13.—Hugh Kelley, of Chicago, who claims the middleweight chaptionship, was given the decision over Sailor Burke, of New York, in the fifth round of a scheduled 15-round contest at the Lincoln club, in Chelsea Tuesday night. Referee Maffitt Flaherty stated that his decision was based on the action of the New York man dropping to the floor three times without being hit. The contest was a slugging match throughout with Kelley the aggressor.

Guns for the Navy.

Washington, Sept. 13.—Admiral Mason, chief of the bureau of ordnance, navy department, Wednesday opened bids for supplying one million dollars' worth of guns and accessories for the navy. The bids were for six-inch, seven-inch, eight-inch, ten-inch and 12-inch guns, also for 132 sets of steel forgings for three-inch guns. Bids were invited for the guns complete and also for incomplete guns, the forgings to be furnished separately.

Alleged To Be Short.

New York, Sept. 13.—Announcement was made Wednesday that Charles A. Lynch, financial secretary of local counsel No. 4,848, Painters, Decorators and Paper Hangers of America, has disappeared and that an examination of his books has revealed a deficiency of probably several thousand dollars.

Earthquakes Felt in Ecuador.

Guayaquil, Ecuador, Sept. 13.—It is reported here that three earthquake shocks were felt Monday in the province of Tunguagua. A fourth shock was felt in the evening. The inhabitants of the town abandoned their homes and spent the night on the public streets.

SEVEN ARE KILLED IN FREIGHT WRECK

On Western and Atlantic Road Near Ringgold, Ga.

BOTH ENGINEERS ARE KILLED

T. Y. Whitehead, C. H. Clements and C. W. Fisher, All of Atlanta, Lose Their Lives in Awful Head On Collision Between Freights.

Atlanta, Sept. 13.—Seven men were killed and several injured in a head on collision on the Western and Atlantic railroad at 2 o'clock Wednesday morning at a point 2 miles beyond Ringgold, Catoosa county, just a few miles from the Tennessee line. Trains No. 8, northbound, and No. 13, southbound, running at comparatively high rates of speed, came together with a crash in the darkness.

The following are dead:

T. Y. Whitehead, conductor, 159 Central avenue, Atlanta.

C. W. Fisher, engineer, 111 Simpson street, Atlanta.

C. H. Clements, engineer, 39 Markham street, Atlanta.

J. W. Kinnamon, fireman, of Kenesaw, Ga.

W. B. Skelton, brakeman, of Kenesaw, Ga.

Fireman Slaughter, of Atlanta.

Walter Smith, apprentice fireman, of Winchester, Tenn.

The scene of the wreck is 2 miles from Ringgold, and thus far the reports are meager. The telegraph lines are in confusion, and most of the information of the wreck is coming via Chattanooga, Tenn.

While no definite news other than a partial list of the killed has been received, it is known that No. 8, northbound was running 15 miles an hour, while No. 13 was moving at a much higher rate of speed southbound, probably 25 miles an hour, and the impact of the trains was terrific.

First news of the wreck reached Atlanta by telephone from Ringgold. It was received at the Western and Atlantic shops and was meager stating that two freight trains had collided, that five were dead and two seriously injured. Later reports increased the number of dead to seven.

Conductor W. D. Adams was in the wreck but was not injured.

The Associated Press Bulletin of the wreck follows:

Chattanooga, Tenn., Sept. 13.—Two freight trains Nos. 8 and 13 on the Western and Atlantic railroad collided Wednesday morning at 2 o'clock near Ringgold, Ga., seven trainmen being killed. The accident was due to the overlooking of orders by the engineer of No. 8, who met his death as did the engineer of No. 13. Both of the firemen and one who was learning the road, Conductor Whitehead, of No. 13, and a brakeman were killed. Both engines were demolished and five cars loaded with wheat splintered.

Man Literally Cut To Pieces.

Amarillo, Tex., Sept. 13.—As J. H. Heeps, of this city, was returning to his home, he was held up by four men, three of whom sprang upon him and held him while the fourth slashed him with a knife until he was left for dead. When found he was in a dying condition. Upon examination it was found that he had been literally cut to pieces, the main artery in both arms being cut in two. Officers arrested W. T. Groves, Ed Barnhill and Al Prescott who claim that another man who is still at large, did the cutting.

Probing Soldiers' Home.

Atlanta, Sept. 13.—The investigation into the affairs of the Confederate Soldiers' Home was resumed Wednesday morning at 9 o'clock at the home with a full attendance of the committee and of witnesses. Mrs. Belle E. [illegible], the stewardess, who has figured in the testimony thus far, was present. It was decided to have two sessions each Wednesday, the first closing at [illegible] and the second beginning at 3 o'clock and lasting until 5 o'clock.

CLARK WRITES ABOUT FEDERAL BUILDING

Treasury Department States That Sketch Has Been Made.

ARE WAITING FOR APPROVAL

The Building Will be Erected at a Cost of $60,000, and Will be One of the Handsomest and Most Modern in All Florida.

Since the passage of the bill allowing the increased appropriation for the government building for Gainesville, the subject has remained somewhat dormant as far as the public is concerned, but Hon. Frank Clark, Congressman from the Second District, has been steadily at work in the matter of pushing the work forward as rapidly as possible, as he, with the other residents of the city, is anxious to see the work of construction begin.

On August 21 Congressman Clark wrote the Treasury Department at Washington in the premises, and in reply has received the following letter:

"Washington, August 29, 1906.

"Hon. Frank Clark, M. C., Gainesville, Fla.:

"Sir—In reply to your letter of the 21st inst., in connection with the proposed federal building, Gainesville, Florida, you are advised that the sketch plans have been made, and as soon as same are approved by the Cabinet Board as required by law, the working drawings will be taken up.

"Respectfully,

"W. S. TEMPLEW,

"Acting Supervising Architect."

This is an assurance that work is progressing on the plans and drawings, and within a reasonable length of time it may be expected that work of construction will begin.

This building, which will cost about $60,000, will be one of the handsomest and most modern in the country. It will be located on the Oak Hall plat, foot of East Main street S., and will be occupied by the United States land office and postoffice.

A FINE ANIMAL.

D. G. Edwards Will Enter Fine Stallion at State Fair.

Few people are aware of the fact that D. G. Edwards, the liveryman of this city, is now the owner of John Thompson, one of the best bred trotting stallions ever brought to Florida. This colt is only three years old, stands over sixteen hands high, and weighs over 1,000 pounds. He is a beautiful bay horse with black points, and very handsome, especially in motion. Those well posted on the breeding of trotting horses pronounce his breeding as good as any in the stud book. He is sired by John G. Carlisle, record 2:20, who is a producer of early and extreme speed. John G. Carlisle is by Norval, record 2:14¼, sire of eighty-five colts from 2:09¼ to 2:30, by the renowned Electioneer, sire of Sunole, 2:08¼, and Palo Alto, 2:08½, both of which were champions in their day. First dam of John Thompson, Agnes Thompson, by Anteo, and he by Electioneer, giving this handsome colt two crosses to Electioneer, who is considered the greatest producer of trotters the world has ever known.

The second, third, fourth and fifth dams of this colt are all well bred—in fact, his breeding is ne plus ultra.

Mr. Edwards proposes to enter John Thompson at the Florida State Fair, which convenes in Tampa in November.

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." ARRESTED FOR MOONSHINING.

Former Macon County J. P. Placed Under Bond.

Macon, Ga., Sept. 13.—Judge John Smith, who for many years has held the office of justice of the peace in his community, ten miles from Reynolds, in Macon county, was arraigned before United States Commissioner L. M. Erwin, here Tuesday morning, and placed under bond on a charge of operating an illicit distillery. Deputy Marshal Frank Riley made the arrest last night after destroying a medium-sized plant near the home of Judge Smith.

The deputy said there was no mistaking his man. The path from the judge's home to the still was plain and was old, almost as the average citizen in the community. Besides, the still, it was further stated by the deputy, was so near the home of the former officer that there will be little trouble in fixing the responsibility for making "mountain dew" upon Judge Smith.

When the revenue officer and the Georgia judge were face to face last Tuesday night, and the whole affair was "let out," there was little excuse that could be made, but when a commitment trial was had here the accused man was more reticent than had been expected. Judge Smith disclaims any interest whatever in the moonshine outfit, and it will be up to the officers to make their case when the accused man faces Judge Emory Speer.

Judge Smith has a family. He is well known in his home community and has long been considered a leading citizen. There was no little surprise expressed on the part of those who learned of the arrest early Tuesday morning. The distillery was hidden away in the swamp near the home of the prisoner, and, according to the officer making the arrest, it had been operated a long time. The outfit was demolished, corn beer was poured out and the whole plant was destroyed. A bond was made and the accused man was allowed to return home to await his trial later.

IN JUSTICE COURT.

Mary Brown Charged With Larceny of Money, Went to Jail.

Deputy Sheriff L. E. Story arrived in the city Wednesday afternoon from Plant City. He brought with him Mary Brown, a colored woman who formerly resided here, whom he arrested in Plant City upon a warrant charging her with the larceny of $56 from Jesse James, a Gainesville negro.

When Mary arrived at Justice Colman's office she was faced by the accuser, who asked her why she took his hard-earned "dough," but Mary remained silent. James declared in the court room that the woman had stolen $250 instead of $56, as the warrant stated.

The woman went to jail in default of a bond of $50, and will be arraigned in the circuit court, fall term.

A SERIOUS ACCIDENT.

Autoist Ran Machine Into Buggy, Damaging the Latter.

D. A. Albright of East Gainesville had an experience a couple of nights ago which he will not soon forget. While driving along Alachua avenue in a buggy he was overtaken by an automobile, the driver of which he could not recognize. The driver ran the machine into the buggy, considerably damaging the vehicle and almost causing the horse to run away.

Instead of stopping to ascertain what damage had been done, the driver of the machine put on extra speed.

Autoists should be more careful in driving their machines, as reckless and fast driving endangers the lives of people.

MARRIED THIRTY YEARS.

Col. and Mrs. I. E. Webster Entertained Large Number of Friends.

Col. and Mrs. I. E. Webster, at their beautiful North Gainesville home, "The Pines," entertained a large number of friends Wednesday evening, the occasion being the thirtieth anniversary of their married life, which has at all times been a happy one.

The program of the evening was of a literary and musical nature, some selections being read. The music was also enjoyed by those present.

Refreshments, consisting of delicious ice cream and cake, were served.

At a late hour the guests departed, wishing the clever host and hostess many more anniversaries as happy as the one just closing.

COL. MANN AT HOME.

Had Honor of Attending the Great Bryan Reception in New York.

Col A. S. Mann, industrial agent of the Gainesville and Gulf Railroad, is at home again after an absence of nearly two months, and has resumed his duties with renewed vigor and energy.

Col. Mann owns a fine peach orchard near Chattanooga, Tenn., and spent some time there superintending, packing and shipping his fruit, which brought him handsome returns.

From Chattanooga Col. Mann returned to Jacksonville, from whence he went with his wife on a visit to New York and the East. He had the distinguished honor and pleasure of greeting Mr. Bryan in New York, and attended the big meeting at Madison Square Garden, which he declares was one of the greatest gatherings in the history of the country. He predicts heavy Democratic gains throughout the East.

Upon their return Col. Mann left his wife in Jacksonville.

SUSIE A BAD GIRL.

Went After Carrie Frasier With an Ugly Razor and Blood in Her Eye.

According to the testimony which was introduced against her in Justice Colman's court, Susie Walker is certainly a determined girl, as well as a bad one to get mixed up with in a row, for she carries a razor in her stocking, or somewhere else about her person, and does not fail to use it when it becomes necessary.

Susie was arraigned before the Justice for fighting, the prosecuting witness, Carrie Frasier, alleging that the woman "slashed" her.

Justice Colman promptly assessed a fine of $25 and costs or three months in jail. So far, Susie has been unable to raise the spondulix, hence she is separated from the outside world and the freedom of the little birds by strong steel bars.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

THE SHIRT-WAIST FOR MEN.

Unwarranted Prejudice to This Costume on Part of Some.

It is days like these that make a fellow wish the shirt-waist had been a success, and incidentally to wonder at its failure, corresponding as it does to the same part of female attire, and to which no one was ever heard to take exception.

Shortly after the shirt-waist dinner was given at the Waldorf in New York by a party of theatrical people, certain college professors doffed their much laundered muslin ties and raised the cry that such apparel is effeminate. Why, please? Surely the fear of adverse comment when a fellow is broiling beneath the weight of an unneeded coat, savors more of effeminacy than the daring, which demands its ego shall roost amid congenial surroundings. Was it not Richard Harding Davis who complained that the shirt-waist does not constitute a costume, yet were that gentleman to ask the queen of the Basutos to kindly state what does, I fancy she would waltz her avoirdupois behind a yearling palm, and with an open work smile—answer—custom.

After all, it rests with the fair sex to say whether the style shall ever be accepted, and, girls, you cannot win monuments in a nobler cause.

We hear many different versions of the way to win a woman—one man, with whom marriage had become a habit, claimed it is always a manifestation of force in some shape or other that wins, and the ability to take the initiative is surely not the least of these.

Principle is higher than personality, and an adverse comment here and there will soon be snowed under if a few young Napoleons will insist on the sensible, comfortable, picturesque shirt-waist.

JOHN SPARKS,
With C. W. Park's Dramatic Co.

The Drug Clerk.

In the old days the drug clerk spent his spare moments in pounding leaves and barks for the production of tinctures and extracts that are now supplied by wholesale manufacturers. When he had nothing else to do he made ointment and rolled pills. The mortar and pestle were the universal sign of the trade. But the diverse modern activities of the pharmacist more than compensate for the earlier details of toil. It is still a time-honored practical jest to ask the apprentice to powder ten pounds of camphor in a mortar. After sweating at his task for an hour or two he learns that camphor won't powder, though it is readily soluble in alcohol.—New York Tribune.

The progressive section of North Gainesville is determined not to be outdone in the matter of keeping up with the times. Many new and modern residences have been erected in that suburb within the past year, and still the good work goes on. There are several homes in course of construction at this time.

Postmasters at rural delivery offices are directed by the postoffice department to inform rural carriers that they must not carry as express matter, for hire or as a favor, ana article or package weighing four pounds or under which is mailable, any carriers will inform patrons that such package can only be delivered by them after the required postage shall have been affixed to such packages.

Lumber required to supply railroad ties is enormous, and the timber land is stripped continually to meet the demand, and it is estimated that 200,000 acres of forest are cut annually to supply the railroads with ties that won't last more than five years and have to be constantly renewed. This is a great expense, and many of the railroads which have many acres of land contingent to the beds have planted trees and estimate that in twenty years they will have a sufficient quantity of their own timber for an inexhaustible supply for future needs

The postoffice department in Washington has issued an order that may be of interest to merchants and mail carriers. All matter that is mailable under the new postal law, up to four pounds in weight, must be passed in at the postoffice window to be weighed, and the stamps placed thereon at the rate of one cent for each ounce of merchandise. The carrier is forbidden to take ten cents from the shipper for delivering the package not stamped. The carrier who disobeys this ruling is liable to prosecution and possibly to dismissal. See postoffice guide for July, 1906.

The Board of County Commissioners will convene in this city again on Tuesday, the 18th inst., for the purpose of making final arrangements in the matter of securing exhibits for the coming State Fair, to be held at Tampa in November. Each member of the Board will appoint at this meeting a commissioner from his district, the duty of whom it shall be to collect exhibits in his district. It is the purpose of the Board to have all commissioners work under direction of and co-operate with the general commissioner, N. A. Callison. The system proposed is an excellent one, as by that means a more diversified collection and better quality of the products of Alachua, one of the wealthiest and most fertile counties in the State, can be secured.

There are too many boys and girls in the country and city, more in the latter than in the former, who are prone to look upon work as beneath them. There are thousands of them on the threshold of maturity who retain the same views and habits which found encouragement in their earlier years. What becomes of this class of people? Some of them awaken and after a desperate struggle overcome the habit and learn to work, to save, and to prepare for the inevitable rainy day. Many of them, however, drift and drift until they become acceptable recruits in the hobo army. Then they speedily reach the conclusion that things are mighty unequal in this world—that the advantages are all with the rich, and that a poor man has no show.

Monticello is famed for its charming girls, but unhappily there is a shortage of marriageable young men over there, which leads to the following story told to Miss Jefferson Bell by one of those aforesaid charming girls: "There are but three young men in Monticello," she said, meaning three marriageable men, "and sixty girls. But these three are very nice to us girls," she added. "Whenever there is a dance or party in town, these boys take their hats and go down the streets in different directions calling out: 'Everybody that's going with me, come on,' and the girls swarm out in bunches of twenty to each man and so we all go to the party."—Live Oak Democrat.

The Sun has repeatedly called the attention of the officers to the number of trifling, loafing negroes lying around in different parts of town, who should be arrested under the vagrancy law, but the officers appear loath to perform their duty in this particular. In other parts of the State the vagrancy law is being rigidly enforced, and the officials of Gainesville and Alachua county should "get a move on" and put the idling class to work. The vicinity of the Seaboard depot is a popular rendezvous for negro vagrants, and that section should be cleared of them at once.

The Miami Metropolis errs in stating that the County Commissioners of Alachua county offer a reward of $50 for the murderer of W. C. Sellars. The Commissioners offer a reward of $200, the Governor $500, relatives of deceased $500, and in addition Sheriff Fennell offers a reward of $50, making a total of $1,250.

Young lady, don't grab at the first pair of good looking clothes that comes along and say, "It's mine, because I found it," but wait until a sure enough man comes along. He may not be as Johnny on the spot as the other kind, but he will be there when the other one has made you tired and passed on.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

A suggestion has been made that The Sun considers a good one, that the ladies of the city arrange some kind of a reception to the University students upon their arrival here. The University will open on Wednesday, the 26th inst., and the date of the coming of the students could be ascertained, and by the manner here suggested it would enable them to become acquainted more readily with our people, and at the same time be the means of extending to the faculty and student body a hospitable hand of welcome.

JUDGE CARTER TALKS.

Tells The Times-Union What He Intends to Do if Elected Speaker.

The Times-Union of the 12th inst. has the following, which will prove of interest to readers of The Sun:

Among the many prominent Floridians in the city is Gainesville's well known lawyer, Hon. Syd L. Carter, Alachua county's candidate for Speaker of the House of Representatives.

In a conversation with a Times-Union reporter yesterday Judge Carter said: "If I should by chance be the choice of a majority of the members of the lower house for speaker it will be with the full knowledge that there will be a change from the methods of legislation heretofore prevailing in our State. My observation and experience leads me to the conclusion that the presiding officer is largely responsible for a good deal of the crude legislation of the past decade. I mean no reflection on the very able and patriotic men who have heretofore been chosen as speakers of the House and presidents of the Senate, and am only saying that in a certain contingency there will be a change of methods in the Lower House at least.

"Many good measures die in the last days of the session before a crowded calendar and many crude and ill considered bills pass in the closing days of the session because of lack of time to properly consider them, and all because the committees to whom they were referred delayed reporting in proper time. They fritter away the greater part of the first month in futile attempts to get committee meetings and thus in the last part of the session dump them into the House too late to give them careful and intelligent consideration.

"I propose if elected speaker that no such condition as this shall exist. If the committees do not report measures referred to them in a reasonable time, I will withdraw them from their consideration, if it can be done, and send them to some other or some special committee who will report. This course, if pursued to the letter, may effect the speaker's personal popularity with the committeemen, but I shall not be deterred by any such consideration as that.

"I have no future political ambition to foster or subserve; my only ambition now is to serve the people of Alachua county well and faithfully and if so fortunate as to be selected speaker to so conduct the public business as to make the session of 1907 known throughout the borders of the State as a business session, pure and simple, and to the utter exclusion of hot air."

Town Marshal Is Killed.

Salem, Mass., Sept. 13.—In attempting to quell a disturbance in a saloon at St. Paul, this county, town Marshal Krechter was shot, and killed, Alfred Lambert, one of the marshal's posse, was shot in the arm and three unidentified men were wounded, one mortally. The principals in the shooting affray made their escape, and it is believed will resist arrest in case they are overtaken.

DISFIGURING SKIN HUMOR

Impossible to Get Employment, as Face and Body Were Covered With Itching Sores—Scratched Till Flesh Was Raw—Spent Hundreds of Dollars on Doctors and Hospitals and Grew Worse

CURED BY CUTICURA IN FIVE WEEKS

"Since the year 1894 I have been troubled with a very bad case of eczema which I have spent hundreds of dollars trying to cure, and I went to the hospital, but they failed to cure me and it was getting worse all the time. Five weeks ago my wife bought a box of Cuticura Ointment and one cake of Cuticura Soap, and I am pleased to say that I am now completely cured and well.

"It was impossible for me to get employment, as my face, head, and body were covered with it. The eczema first appeared on the top of my head, and it had worked all the way around down the back of my neck and around to my throat, down my body and around the hips. It itched so I would be obliged to scratch it, and the flesh was raw.

"I would first wash the affected parts with warm water and Cuticura Soap, and then apply Cuticura Ointment and let it remain on all night, and in the morning I would use Cuticura Soap. I am now all well, which all my friends can testify to, and I will be pleased to recommend the Cuticura Remedies to any and all persons who wish a speedy and permanent cure of skin diseases." Thomas M. Rossiter, 290 Prospect Street, East Orange, N. J.

Lid To Be Pried at Savannah.

Savannah, Ga., Sept. 13.—Remarkable as it may seem, Savannah has been a fairly dry city on Sundays for the last few weeks, but the thirsty element is growing very tired of the innovation, and it is said that the lid will be eased up a bit next Sunday, and from then on it will not be so difficult a matter to get a drink. Savannah has for many years been notoriously "open" and it was a matter of as great surprise to the residents as it must have been to thirsty visitors to find the authorities closing up the booze places on the Sabbath day. Now, however, the cry of the thirsty is about to prevail. Last Sunday there was an appreciable loosening of the lid, and it is expected that it will be pried up next Sunday.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

Negro Killed By Deputy.

Savannah, Ga., Sept. 13.—Deputy Sheriff Curry, from Adrien, Ga., arrested Jim Neal, a negro, and was on his way to Eastman with him when Tom Neal, a brother of the man under arrest, tried to take him away from Mr. Curry. Tom Neal opened fire on Mr. Curry with a gun. The fire was returned by Mr. Curry. Tom Neal was shot through the head and killed instantly. In the excitement Jim Neal escaped, but was captured later by Mr. Curry and lodged in the Dodge county jail.

WHOLE COUNTY HUNT FOR BOY

The Alleged Kidnaper Had a Grievance Against Senator Beasley.

Raleigh, N. C., Sept. 13.—Joshua Harrison, whose arrest on the charge of being the abductor of little Kenneth Beasley in Currituck county 18 months ago, is said to be a native of New Jersey. He is in jail at Elizabeth City, being unable to put up the bond of $2,500 required.

Feeling against him is high in Currituck county, and it was thought safest to remove him. Not long ago he was overheard to say that when the boy's father put up money enough the boy would be brought out. It is said that Harrison became angry with Senator Beasley several years ago, because of some local legislation Beasley secured against illicit sellers of whisky. Harrison having been concerned in that business. Harrison was the only man who never took part in the search for the boy but always said that the boy would turn up.

Currituck county has a smaller population than any other in the state, and every house in it has been searched and every swamp has been closely examined, men traversing these swamps only a few feet apart. There are persons who maintain that the boy is hidden in Norfolk, or has been sent north.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

To Search for Both Poles.

Brussels, Sept. 13.—At the session of the polar congress here Dr. Jean Charcot announced that he was organizing an expedition to go to the south pole and Charles Bernard, president of the Belgian Oceanographic society, stated that the society was organizing an expedition to the north pole. The two expeditions will operate simultaneously and in concert

Well Worth Trying.

MEETING GEORGIA STATE COMMITTEE

Atlanta, Sept. 13.—The Democratic state executive committee met at noon Wednesday in the assembly room of the Piedmont hotel, with Judge A. L. Miller, chairman, presiding. The meeting was well attended, committeemen from every section of the state, every congressional district, in fact, answering to the roll call.

One of the first matters taken up by the committee was the election of a secretary. Hon. H. H. Cabaniss of Atlanta, had been put forward by his friends to succeed J. W. Goldsmith of Atlanta. It is customary to have an Atlantan for secretary, as it is desirous that he should be in the capital city at all times.

Among other things, the committee will fix a date for the primary for the nomination of three judges for the new court of appeals, the primary nominees to run as Democratic candidates, in the event the constitutional amendment creating the court is ratified by the people.

The committee, it is understood, will fix the date of the primary for Oct. 3, the date of the general state election, and the nominees will be formally elected at the November elections, when congressmen are chosen.

In the nomination of the justices the plurality rule will prevail, and the three candidates receiving the largest number of votes will be declared the nominees of the party.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

Wife Felled for Spending 6 Cents.

Paiterson, N. J. Sept. 13.—The expenditure of 6 cents for household necessities without her husband's approval, may cost Mrs. William Leonard her life. She is now in a hospital in a precarious condition. According to the story told by Leonard's 10-year-old son, Leonard became furious when he missed 6 cents, which he had left in the house, and when Mrs. Leonard admitted that she had spent the money, he felled her with an ax-handle, and kicked her as she lay on the floor. Leonard was arrested as he was entering a neighboring saloon.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root, and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs

SON ARRESTED AS ASSASSIN.

Jim Johnson Is Charged with Murder of His Father at Moultrie.

Moultrie, Ga., Sept. 13.—Sheriff Campbell, has arrested Jim Johnson on the charge of murdering his father last Wednesday night.

The elder Johnson was assassinated while sitting at his supper table on Wednesday night, and on account of the prominent and good standing of the man in the community, there has been considerable mystery as to the motive which led to his murder.

His oldest son is about 21 years old, and is married. He lives only a short distance from the family home. He was very indifferent about his father's death, and failed to go about the home after he was killed. This caused suspicion to rest upon him. A track was followed from the chimney where the shooting occurred to a point not far from the home of the son. The sheriff did not consider this sufficient grounds for making the arrest, and remained in the community for five days, keeping watch on the young man. Tuesday he moved his things to his mother's home, and the sheriff thought he was planning to leave the community. At the same time an important bit of evidence was obtained which the sheriff thinks fully justifies the arrest.

Young Johnson is very indifferent as to his situation. He made no protest against arrest and disappeared but little surprised that he was locked up.

There is no motive that the young man is known to have had in killing his father. They seemed to get along well together, and farmed on the same plantation. There was insurance on the elder Johnson's life for $1,000, and while the family is well connected, they have been in needy circumstances.

Her Dying Word Saves Husband.

Natchez, Miss., Sept. 13.—Abraham Goldstein and his wife engaged in a difficulty at their home on Franklin street when the former, it is said, stabbed the latter with a jack-knife. The woman died of internal hemorrhage, thought to have been caused by the wound. The husband is under arrest pending the result of the coroner's inquest. The woman gave a dying statement that she fell downstairs and accidentally stuck the knife in her side.

AT THE TENT THEATER.

Park Dramatic Company Entertained Another Large Audience.

Notwithstanding that two of the most popular orders in the city were in session last night, one of which offered special inducements for attendance, the Park Dramatic Company appeared to have its usual crowd—and a good-natured crowd it was, too.

"The Ku Klux," one of the strongest plays on the bill, was produced with that same ease and efficiency which characterizes every performance of this theatrical aggregation.

"The Ku Klux" is not "The Clansman," but deals with the same political situation which confronted the South at the close of the great Civil War. The play is well written, and is bound to be popular wherever presented.

Tonight "Northern Lights" will be presented. This is a story of life in Montana at the time of the Custer massacre. It's plot is said to be a decided novelty, pre-natalism being the theme. The dialogue and quaintly picturesque characters are said to reflect the atmosphere of that far-away State, and it made cultured Boston "sit up and take notice" when produced there some years ago.

Honors are now even between the teams, each having won a game. The game this afternoon will decide the championship, and both sides are confident.

The game will be called at 3 o'clock, and the admission will be 25 and 15 cents.

READ THIS.

Springfield, Tenn., June 11th, 1901.

I have been troubled with kidney and bladder troubles for a number of years and severely so, and having noticed the advertisement of Dr. E. W. AT THE TENT THEATER.

Park Dramatic Company Entertained Another Large Audience.

Notwithstanding that two of the most popular orders in the city were in session last night, one of which offered special inducements for attendance, the Park Dramatic Company appeared to have its usual crowd—and a good-natured crowd it was, too.

"The Ku Klux," one of the strongest plays on the bill, was produced with that same ease and efficiency which characterizes every performance of this theatrical aggregation.

"The Ku Klux" is not "The Clansman," but deals with the same political situation which confronted the South at the close of the great Civil War. The play is well written, and is bound to be popular wherever presented.

Tonight "Northern Lights" will be presented. This is a story of life in Montana at the time of the Custer massacre. It's plot is said to be a decided novelty, pre-natalism being the theme. The dialogue and quaintly picturesque characters are said to reflect the atmosphere of that far-away State, and it made cultured Boston "sit up and take notice" when produced there some years ago.

The game will be called at 3 o'clock, and the admission will be 25 and 15 cents.

Owing to the lateness of the hour at which the meeting closed, no attempt will be made in this issue, but the matter will be covered in The Sun of Saturday.

Joseph Morford of Port Orange, Volusia county, who has been on a visit to relatives and friends here, has returned to his home.
